Subject: Advisory panel meeting today
Attachments: 05-21-2018 Advisory panel.pptx

Hi Mark, James,

Today we're presenting the preliminary serum results to our study's advisory panel in Wilmington. The panel is comprised of representatives from the health department and the community. Jane wants to hear their initial impressions of the results so we can get ahead of any questions/concerns. The slides are attached. We're sticking to discussing the compounds I feel most confident about (i.e., GenX, Nafion byproduct 2 and PFO5DoDA).

I just wanted to keep you in the loop.

Nadine
